Discussion Summary

1. Presentation: “Warehouses in Burlington County”
Treasurer Stanuikynas (Burlington) and Joseph Brickley, Burlington County Engineer, presented on the rapid development of warehouses in Burlington County and how the County has responded. They noted that 32% of the total square footage of warehousing in Burlington County was built after 2015. The County Planning Board has issued Traffic Management Plans and they are implementing a fair share contribution calculation for developments in the Route 130 region.
(See provided PowerPoint presentation)
2. Presentation: “Bike Lanes Discussion”
President Giarratana (Hudson) and Angela Knowles (Somerset) led a discussion on bike lanes and how they are addressed. While not many counties are implementing bike lanes as a practice there was some discussion on how it could be done. Doug Greenfield (Middlesex) noted the accomplishments in Middlesex and their implementation of a Vision Zero Action Plan. He noted that bicyclists and pedestrians comprise only a small percent of collisions but account for almost 25% of fatal/serious injury accidents.
